NOTICE

Informational Videos Available for Assisting Court Appointed Attorneys in Juvenile Matters

Informational videos designed to assist attorneys appointed to represent parties in juvenile matters before the Family Court are now posted to the website of the Jackson County Circuit Court. The videos contain comprehensive information about the statutes and rules that govern juvenile practice. The videos also include general information about practicing law at the Family Court.

The project was undertaken by attorneys who practice juvenile law in Jackson County, and who serve on the Training Video Committee of the Attorney Work Group of the Casey Judicial Engagement Project.

The Court is pleased to acknowledge the generous contributions of time and expertise made by attorneys to this year-long project, as well as, technical support provided by UMKC Law School in producing the videos.

The Court also wishes to thank the many attorneys in the community who, when called upon to help, provide legal representation to the most vulnerable of our citizens, our youth.

The informational videos can be found at www.16thcircuit.org. Click on Family & Juvenile Court, then Attorneys & Self-Representation.

Members of the Committee include:

Daniel Berezoski, Committee Chairman, Pro Bono Attorney, Husch Blackwell
