Registration Instructions for Bidders

1. The Registration Form for Deed will be utilized to track and assign a Bidder Number for the DLT Sale and to utilize the legal name(s) and or business for the Court Administrator's Deed, should you be approved to participate in the sale, are the winning bidder on a parcel, and the sale is confirmed by the Court.
2. The Compliance with Municipal Building or Housing Codes form will require the Individual(s), Business Owner(s), and or responsible party to obtain a letter or criminal record check from any municipality in which the Individual(s), Business Owner(s), and or responsible party own and or manage real property in Jackson County.
3. Some municipalities will issue a letter indicating that you do not have any building and/or housing codes violations. This is the preferred method; however, we cannot direct the municipalities to provide these documents.
4. Some municipalities view building and/or housing codes violations as ordinance violations and not a criminal violation, while others will list these violations, as well as other traffic and/or misdemeanor offenses on the same record.
5. So, please make sure when making your request for records regarding building and/or housing code violations the record clerk understands what type of record you need for our purposes, which is building and/or housing code violations.
6. For example, if a Business owns (2) properties, one in Blue Springs, MO and the second in Grain Valley, MO and there is (1) Owner and (1) responsible party, the listed owner and the responsible party would each need to have a letter and or criminal record check from the two municipalities. So, we would expect to have at least (4) letters and or criminal record checks attached to the registration forms. When completing this form we are asking that you identify the person(s) who you would consider responsible for receiving notices or summons for violations of the municipal building or housing codes (see examples below). The Civil Process Department will review both forms and will indicate on this form if your application has been approved or disapproved to register for the sale.

Note: each Municipality has different requirements for the individual who would be considered responsible for receiving service, notice, order, or summons because of a violation of a municipal building or housing code, such as:

- a) For a corporation, a corporate officer and the chief operating officer.
- b) For a partnership, the managing partner.
- c) For a limited liability company, the managing or administrative member.
- d) For a limited partnership, a general partner.
- e) For a trust, a trustee.
- f) For a real estate investment trust, a general partner or an officer.
- g) If the owner does not reside in Jackson County, he or she shall provide information from the individual who is designated as the local agent who is authorized on behalf of the owner to receive service of any notice, order, or summons issued because of a violation of a municipalities

building or housing code.

7. Your application will not be approved unless we have both the Registration Form for Deed and Compliance with Municipal Building or Housing Codes forms, along with letters and or criminal records checks for any individual(s) who would be considered responsible for receiving service, notice, order, or summons because of a violation of a municipal building or housing code.

8. Upon receipt of your application, it will take approximately 5 business days (depending upon the number of applications received, which will be worked in the order received) to review and approve your application if all of your paperwork is in order and you meet the criteria as described in RSMo 141.550.2.

9. You cannot participate in the DLT Sale unless your application is approved at least 10 days prior to the sale date. We begin accepting applications in April, so it is highly recommended that you turn in your registration forms along with any letter(s) or criminal records checks, if required, at least two weeks prior to the Application Deadline (see Notice to Bidder) to allow time to process your paperwork, as we generally receive the majority of these applications close to the deadline.
