Re: COVID 19 Registration Procedures - Parent Awareness Classes

Please note that beginning September 1, 2020, parents involved in Paternity and Motion to Modify actions will be directed online to register for virtual classes through Webex for PTLA, (Parenting Together Living Apart) and ReFOCIS, (Refocus on Children in Separation).

Litigants involved in paternity or modification matters, (**ReFOCIS and PTLA**), will register online for classes (<https://www.16thcircuit.org/resource-services>).

Family Court Resource Services will send registered participants a link by email to their class session and upon completion, will send Certificates of Attendance to Civil Records for filing.

PLEASE NOTE:

FOCIS classes are being offered live at our Independence and Lee's Summit locations for adults only. **Please do not bring children to your session as no child care is available.** The capacity for these classes has been reduced in order to allow for adequate social distancing.

All FOCIS participants will be required to wear masks during class and follow social distancing protocols as required by the instructor.

Extensive sanitation and precautionary measures have been put in place to ensure the safety of instructors and parents. Each class will be restricted to ten (10) participants at the Independence location and twenty five (25) at the Lee's Summit location.

Litigants involved in a **dissolution of marriage** case, may register online for **FOCIS** classes at (<https://www.16thcircuit.org/resource-services>), for locations in Independence and Lee's Summit.

Please direct any questions or concerns to:
