Re: COVID 19 Registration Procedures – Parent Awareness Classes

Parents involved in Paternity and Motion to Modify actions will now have the option to register for virtual WebEx classes or live in person classes for PTLA (Parenting Together Living Apart) and ReFOCIS (Refocus on Children in Separation).

Litigants involved in paternity or modification matters, will register for classes at www.16thcircuit.org/resource-services.

Family Court Resource Services will send registered participants a link to their email address used in their registration if they have chosen the WebEx option. Upon completion, FCRS will send Certificates of Attendance to participants via email and will also send it to the Civil Records department for filing.

Parents involved in a Dissolution of Marriage action will be directed online to register for live in person classes for FOCIS (Focus on Children in Separation). FOCIS live classes are offered in Independence, Lee's Summit, and Kansas City. At this time, FOCIS is for adults only. Children and teens are not allowed to attend until further notice. **Please do not bring children to your class as no child care is available.**

Litigants involved in a dissolution of marriage matter, will register for classes at www.16thcircuit.org/resource-services.

All FOCIS participants will be required to wear masks during class and follow social distancing protocols as required by the instructor and location. Extensive sanitation and precautionary measures have been put in place to ensure the safety of instructors and participants. The capacity for these classes has been reduced in order to allow for adequate social distancing in each location.

Please direct any questions or concerns to: FCRS: 816-881-1814
