

NOW HIRING! Senior Court Clerk Positions

We would like to invite you to apply for a position in the Probate Department of the 16th Circuit Court of Jackson County. Positions are available in KC and Independence!

In each of these positions, you will have the opportunity to use your critical thinking skills as you receive, review, and process probate case filings. Work will be received in both electronic and paper format, and most of the case processing is performed electronically.

You may be wondering what types of cases are handled in the Probate Department. Some of the most common probate matters are shown in the graphic below.

Did you know? . . .

- Probate is NOT just about people who have passed away.
- We do NOT have a vault in the Probate Department where we keep peoples' property or money. The money/property isn't *in probate* in the literal sense.
- Probate is NOT short or slang for *probation*. One has nothing to do with the other.
