

Notice re: eFiling Fees in Probate Matters

Please note that effective immediately all final court costs, annual fees, citation and/or show cause fees should be paid directly to the Court and should not be paid through the E-filing System. These payments can be made via law firm check, credit card, money order or cash (exact change only) by mail or in person. This change is being made as JIS, our current case management system, will not allow our clerks to apply payments received through the E-filing system specifically to the fees noted above. Instead fees received through the E-filing system are applied according to a pre-determined hierarchy, which cannot be changed.

Please note this does not apply to publication fees which should be paid directly to the legal paper.

Your attention to this is appreciated.

Thank you.
